50 years OF SERVING SOUTHERN BUSINESS

THE year 1946 is the fiftieth Anniversary for the Hill Directory Co., Inc. Half of a century of Service to cities and industries of the South.

WE HAVE grown a lot in fifty years, and we plan to keep on growing. We feel younger than ever. Our real future still is ahead of us . . . because the real future of our Country lies ahead.

IN 1896 J. L. Hill, the Founder of this Company, laid down a fundamental policy of Good Service . . . Honest Service. That policy still is *basic* with us. Our growth in experience, in skill, in size, came about only because we built on that solid old foundation of Service.

SO, ON OUR fiftieth Anniversary, we thank you for doing business with us . . . for guiding us along the way. We want any and all of our Services to be even more valuable to you in the years to come . . . and we pledge our best efforts to that end.

INTRODUCTION

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1946 edition of the Winston-Salem City Directory. A new feature, the Honor Roll, marks this edition.

Confidence in the continued growth of Winston-Salem's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Winston-Salem to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Winston-Salem Directory will fulfill its mission as a source of authentic information pertaining to the city.

Six Major Departments

The six major departments are arranged in the following order:—

THE HONOR ROLL, a new feature, in the preface of the Directory, is an alphabetical list of the Winston-Salem commercial, industrial and professional concerns that have demonstrated their confidence in the City Directory as an advertising medium, and thereby insured its regular publication.

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 25 to 684, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Winston-Salem, and the name, official personnel, nature and address of each firm and corporation in the city.

THE BUYERS' GUIDE, preceding the Classified and separately paged from 1 to 104, on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Winston-Salem and vicinity. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a large commercial and industrial center like Winston-Salem, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 789 to 843, on yellow paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

THE POSTAL UNIT GUIDE, on pink paper, follows the Classified and is separately paged from 1 to 3. This section is reproduced verbatim from copy supplied by the postal authorities.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, follows the Postal Unit Guide and is separately paged from 5 to 111. In this section the named streets are arranged in alphabetical order, followed by the numbered streets in numerical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Winston-Salem.

The Winston-Salem Directory Library

Through the courtesy of the publishers of the Winston-Salem City Directory, a Directory Library is maintained in the offices of the Winston-Salem Chamber of Commerce, for free reference by the general public. This is one of more than 500 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

WINSTON-SALEM

**CITY OF HISTORIC CHARM AND THRIVING INDUSTRY;
THE WORLD'S TOBACCO CENTER**

(Courtesy Winston-Salem Chamber of Commerce, Inc.)

History

The story of Winston-Salem is reflected equally in the quaint and charming pre-Revolutionary buildings of historic Salem and in the great modern industrial plants located a few blocks away. For Winston-Salem, as its name implies, is a city of dual origins. Its history begins in 1766 with the founding of the small frontier village of SALEM in the rolling wilderness hills of Piedmont, North Carolina. The founders were a hardy band of Moravian pioneers, members of an old Protestant denomination of Bohemian origin, seeking religious freedom and opportunity in a new world. They were carefully selected for the task of establishing a new community and they built their town according to definite plans which had resulted from long study by their church leaders. These early settlers, who migrated

Main Hall, Salem College, with Historic Home Moravian Church (1800) in Left Foreground

south from Pennsylvania, built their churches and other structures so well that many of them still are being used. Among them are the church at nearby Bethabara (1788) and Home Church in Salem (1800); the Moravian Brothers' House (1769); Salem Tavern (1784); the Fourth House (1767); and the Sisters' House (1786). WINSTON, the newer half of the "Twin City," had its origin more than three-quarters of a century after the founding of Salem. It grew as a progressive business and manufacturing center close by the older Moravian community. The town was named in honor of Major Joseph Winston, soldier of Revolutionary War fame, by official act of the 1850-51 session of the North Carolina General Assembly. It was designated as the seat of Forsyth County, named for Colonel Benjamin Forsyth, hero of the War of 1812. The county was erected from a division of Stokes County by legislative act during the 1848-49 session. Winston was incorporated as a town in 1859, and common interests brought its citizens and those of Salem into close cooperation in many endeavors. The two communities, through the years, developed side by side; old Salem Church Square, in the heart of the original Moravian settlement, and the new Winston Court House Square were located less than a mile apart. In 1913, the two communities were consolidated by popular vote into WINSTON-SALEM—"A City Founded Upon Cooperation." From that consolidation has grown

today's progressive community, where the best of the old and the best of the new have been blended into the life of a great Southern city.

Every Tire Job

Speeds the Motorist Away
To Safe Driving—More Miles

We take pride in a job well done—and strive to do no other kind but the best of tire repairing and recapping. Then we know the motorist is safe—that his tires will give adequate mileage—that he has received full value for his dollar.

Certified Treading means that it is done according to the highest standards in the industry. It does not cost a cent more. The fact that we are members of the National Institute of Treading Standards testifies to our sincerity, skill and business ethics.

WHY A BUYERS' GUIDE?

★ It is customary to include a Buyers' Guide in the City Directory because : : :

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED

Please! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time It Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

Names Appearing in Black Letters

IN THIS DIRECTORY are the names of those people who ACCOMPLISH THINGS and are entitled to favorable consideration, if for no other reason than their public-spirited support of measures which make for progress. They represent that ENERGY AND PUSH so essential to the commercial prosperity of the City, and in dealing with them no mistake will be made. The publishers are honored in thus making them better known to the public.

The Bank Directory

Comprehensively Reported—Conveniently Arranged

Bank data includes officers, directors, latest dated statement, transit number with routing symbol, departments and memberships.

Investment Bankers and Stock Exchanges with memberships are reported at each city location.

Section listing legal reserve Life Insurance Companies with officers, directors and statement.

Sections reporting available information on banks operating outside of the United States.

Each state or section is arranged as a complete Directory, with a tab index to make all data easily accessible.

Largest Directory Publishers in the World

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

POST-WAR PLANS

The average market is nothing like it was at the outbreak of the war. The extent of change has been tremendous. Use the new City Directory to reanalyze the city—to see what it has gained and lost—to check the movements and trends—to secure a record of the vast army of removals—to organize for merchandising new products and services.

U. S. POSTAL UNIT GUIDE OF WINSTON-SALEM, N. C.

Reproduced from Post Office Copy

1946

To speed up the distribution and delivery of the mails, Winston-Salem has adopted the NUMERICAL ZONING SYSTEM.

The streets listed alphabetically with the unit number for each street (or portion of it) are shown on the following pages. Unit numbers for box service are listed separately. Unit numbers should be included as a part of the complete address of all mail and the number should appear after the name of the city and before the name of the state.

All users of the mails are urged by the Post Office Department to cooperate in this effort by including the unit number in all local addresses as well as inform correspondents of this addition to their own official address, and to have their postal unit number on their letterheads, envelopes, statements, and all advertising matter.

The Post Office, on request, will be glad to cooperate with you in assigning proper unit numbers to your mailing lists.

WINSTON-SALEM UNIT DELIVERY SYSTEM

Unit No 1—Post Office Boxes Nos 101 to 3199 and General Delivery (Main Office)

AIDS TO PROPER MAILING

Write name and address plainly and completely.

Place name and address of sender on all matter.

Prepay postage fully on all letters and parcels.

Always address mail for city delivery to street and number and request correspondents to do likewise.

Use designation North or South, East or West when it is a proper part of the address and save delay in delivery.

Insure valuable parcels except those containing small articles of considerable value which should be registered.

Wrap parcel post carefully in heavy paper and tie the knots securely.

You will often gain a day's time in delivery by depositing mail as soon as it is ready.

Use Postal Unit numbers on mail addressed to cities where Unit Numbers are required.

Directory of Household,ers, Occupants of Office Buildings and
Other Business Places, Including a Complete
Street and Avenue Guide

1946

Copyright, 1946, by Hill Directory Co., Inc.

In the following list the named streets are arranged in alphabetical order, followed by the numbered streets in numerical order, the intersecting streets being shown. The number of each building on the street is given in numerical order and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The Δ preceding names denotes houses and places of business having telephones.

Figures in parenthesis denote old numbers.

(c) denotes colored.

HERE WE ARE PARTNERS

For over 42 years it has been the privilege of the Duke Power Company to serve as a partner in the progress of the Piedmont Carolinas.

Here are produced some of the nation's finest furniture, nylon, rayon, cotton textiles, and hosiery. Expansion in many new fields is now under way.

Additional power facilities now in process will bring the total capacity of the Duke system of steam and hydro electric installations to 1,140,000 kilowatts.

Again, dependable and economical power will be at hand as progress demands it!
